-------------------------	----

AT EVERY STAGE OF OUR JOURNEY, **REMER HAS BEEN DRIVEN BY A PASSION FOR INNOVATION, QUALITY, AND SUSTAINABILITY.**

From designing durable, copper-free mirrors to introducing tailored solutions and supporting Australian manufacturing, we're proud to deliver products that inspire and elevate every space.

PICTURED: AR.50D-BB (Page 20) & MX.5MW (Page 37)

REMER: A TIMELINE OF INNOVATION AND EXCELLENCE

2017 PIONEERING LED MIRRORS FOR AUSTRALIA

We began with a vision to design mirrors tailored specifically for the Australian market, leading the way in introducing LED mirror technology. From the start, our focus has been on creating high-quality, innovative products that blend advanced functionality with timeless design.

2018 PUSHING BOUNDARIES IN DESIGN

We launched Australia's largest LED mirror at 1800mm wide, setting a new benchmark in the industry. This milestone showcased our dedication to innovation, offering a bold, statement-making solution that combines expansive design with cutting-edge LED technology.

2019 EXPANDING INTO COMMERCIAL PROJECTS

Our expertise in premium mirror solutions saw us working on notable commercial projects, including the Cabrini Hospital Maternity Wing, where our designs combined style, durability, and practicality.

2021 SUSTAINABILITY & LOCAL COLLABORATION

We introduced Honeycomb packaging—fully recyclable and designed to protect our mirrors during transport across Australia—reinforcing our commitment to sustainability and waste reduction. This year also saw us collaborating with local craftsmen to launch concrete-framed mirrors, combining raw, architectural beauty with our signature LED technology while supporting Australian artistry and innovation.

2022 MIRRORS IN ICONIC SPACES

Our mirrors graced prestigious venues, including the W Hotel in Sydney and the Qatar World Cup. These milestones highlighted our global appeal and reputation for premium craftsmanship.

2023 STRENGTHENING MANUFACTURING CAPABILITIES

We opened a state-of-the-art manufacturing facility in Malaysia and began our Australian manufacturing journey. Through our Bespoke Range, we offered customisations for existing products at our local factory, reducing waste, optimising inventory, and delivering tailored solutions to our customers.

2024 EXPANDING ACROSS BORDERS

This year marked our entry into the New Zealand market, extending our premium mirror solutions to a broader audience while continuing to deliver the exceptional quality and design we're known for.

2025 MANUFACTURING IN AUSTRALIA

A landmark year for Remer as we began manufacturing custom mirrors in Australia, proudly earning the "Australian Made" certification for these products. Additionally, we've introduced Modubox™ technology to our LED mirror range, further advancing functionality and innovation while reinforcing our commitment to supporting local industries, sustainability and craftsmanship.

AUSTRALIAN MADE CUSTOM

THE REMER CUSTOM EXPERIENCE

Designed and crafted in Melbourne, Remer custom redefines personalisation, allowing you to shape your ideal mirror.

With precision engineering and premium materials, our Australian-made mirrors transcend functionality, becoming a statement of sophistication and innovation.

Your space is unique – now your mirror can be too.

-  Choose your perfect Remer mirror shape, size, lighting, features, and add-ons.
-  Fill out a custom order form and submit it to an authorised Remer reseller for a personalised quote.
-  Once received, your Remer reseller will forward on our quote for your approval.
-  Once approved, Remer will craft your Australian-made mirror in our Melbourne factory.

Find out more about our Australian Made Custom Collection via the QR code

- All prices are Recommended Retail Price (RRP) including GST. Prices may vary depending on location and are subject to change or correction without notification.
- Made-to-order cannot be cancelled, altered, exchanged or refunded unless faulty or damaged.
- Sizes are in mm and nominal and should be checked prior to installation.
- Please note all LED Products requiring hardwiring must be installed by a licensed electrician in accordance with local regulations.
- Actual colours may vary so please check colour samples before ordering.
- Images in this brochure are shown with accessories and other furniture which is not included in the price.
- All information is provided on an E&OE basis (Errors and Omissions Excepted). There is a huge amount of very useful information in this brochure and there is more than likely an error, big or small, somewhere.

MANUFACTURER'S WARRANTY

At Remer Pty Ltd (Remer), we pride ourselves on supplying products of a high industry standard and quality. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
